# Capezzana Ghiaie della Furba I.G.T 2010 90 POINTS

“It’s a dark, brooding wine with firm tannins that need a year or two to resolve themselves. Much more heavily extracted and deeper than the other wines in the range, the Ghiaie della Furba is really a wine of power above all else. Plum, black cherry, mocha and smoke are fused together in a rich, intense wine long on depth. It’s hard to see what the rationale is for making a Cabernet Sauvignon in a style that is such a clear departure from that found in the other wines.”

-Antonio Galloni
